PULL UP IN STYLE

Tempo and Tempo 2+2 transports guests around your resort, college, or corporate campus in style without compromising on price, quality, or comfort.

SLEEK NEW DESIGN FOR STYLE AND CONTROL

The Tempos feature a streamlined, compact body that adds comfort to sporty handling. Boasting the tightest turn radius in the industry, it's perfect for the tight paths and roads found at most resort, college, and corporate properties.

YOU FOCUS ON THE VEHICLE

From the very beginning, you decide how to customize your Tempo. Choose between an easy-to-maintain electric model that plugs in to any 110-volt outlet, or a powerful 14HP gas model. Interior and exterior color options and other add-ons mean a vehicle that looks and performs specifically to your needs.

THEY FOCUS ON THE JOURNEY

An independent front suspension system and comfortable, ergonomic seats provide a smooth ride for up to 4 passengers, keeping the focus on your guest experience and not uncomfortable transportation.
